

Rinnai® Heat Pump Companion™

NEW

**Boost your Heat Pump Performance for
immediate warmth and energy savings!**

Does your Heat Pump struggle to keep your home warm and cozy during the winter months?

With the New Heat Pump Companion™ Rely on Rinnai for:

- High efficiency improvement - due to switching from inefficient electric heat to hydronic heating resulting in lower operating costs
- Improved occupant comfort - replaces heat strips and reduces dryness of the air and unpleasant odor
- Less strain on electric grid
- Lower install cost - potential local gas and utility rebates
- Flexibility to adapt as a future renewable source component (solar or wind generated power)

Heat Pump Companion™

When paired with a Rinnai Tankless Water Heater or Rinnai Boiler that runs on propane or natural gas with a Rinnai Heat Pump Companion™ Controller and other components will boost your Heat Pump performance and convert it to a more energy-efficient home heating system.

Rinnai® Heat Pump Companion™

What you need:

Tankless Water Heater
or Boiler (sold separately)

Hydronic Heating Coil
(sold separately)

This simple solution
saves money even
while it provides greater
comfort and unlimited
hot water and radiator
quality space heating
for your home.

Rinnai®

Over 100 Years of Smart Comfort

With headquarters in Japan and a global network of subsidiaries and sales offices, Rinnai has enhanced the way businesses and residences heat their water.

Dedicated to a smarter kind of comfort, our value-added products continue to stay in step with demands of a changing world.

Proudly assembling Tankless Water Heaters at our state-of-the-art factory located in Griffin, Georgia, USA

Rinnai established its US operations in 1974 and introduced Tankless Water Heating to the North American Market in 1999.

In 2018 Rinnai assembled its first tankless water heater in the United States in Griffin, Georgia. Our state-of-the-art facility was completed in 2021 with assembly of the new **RE•SERIES™ Non-Condensing Tankless Water Heaters** beginning in 2022.

Rinnai continues to make significant investments in expanding its operations and product portfolio.

Creating a healthier way of living.®
