

Keeping the Air Clean While Keeping You Safe

With propane, you don't have to worry about harmful emissions in the air while you work. It's a clean and safe alternative to gasoline- and diesel-powered applications, which can make workers sick.

SAFER FOR INDOOR USE

Protecting you from dangerous carbon monoxide exposure

20x MORE PUNCTURE RESISTANT

Than gasoline and diesel tanks

APPROVED CLEAN ENERGY

Clean Air Act of 1990

WILL NOT CONTAMINATE

Air, water, or soil

CAN'T BE SPILLED

Closed-loop fuel system

SMALLER FLAMMABILITY RANGE

Less likely to ignite after a leak

EQUIPMENT THAT RUNS CLEANER

Propane is already trusted to run a variety of equipment, for indoor work like material handling and concrete finishing, to outdoor applications like mowers and more — all while reducing harmful emissions.
